## ZF-323 Full Automatic Express Mail Envelop Machine

Patent NO. ZL00263914.9/ ZL01200005.1

### Introduction

This is special equipment to produce express mail envelop of various sizes for EMX, USP, and DHL. and the machine is developed to meet the demand of express mail industry.

### Main Technical Parameter

Speed	3000-6000pcs/h
Finished product specification	100*150-300*350mm
Applicable paper grammage	200-300g/m <sup>2</sup>
Power	2.2KW
Weight	2600kg
Dimensions	10000*1180*1580mm

### Structure Character

1. Adopting a suction type paper transferring mechanism, so paper can be continuously fed without shutting down the machine
2. Multi-position-checking mechanism is adopted to make the paper transferring accurate.
3. Disk glue applying mode is adopted to ensure applied glue is well distributed and the amount of applied glue can be effectively controlled.
